READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their results, as bronchitis, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Hoodroot, Stone root, Mandarilla root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Medical College, Prof. Hare, of the University of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago; Prof. John King, M. D., late of Cincinnati; Prof. John M. Scudder, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Johannismann Medical College, Chicago; and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all catarrhal affections of the throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and is safe and reliable.

A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

SOFTNESS OF SEALSKIN.

Is likened by Human Hair Where Dandruff is Eradicated.

Seal skin is the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair troubles is dandruff, which is caused by a peevish parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful snags of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

VIRGINIA INDUSTRIES.

The census report on manufactures in Virginia for the year 1905 shows that for each of the principal items of manufacture the increase was higher in the rural than in the urban districts. Over the census of 1900 there was a total of 60.3 per cent. in the capital, of 37 per cent. in the value of product, 2.12 per cent. in wage-earners and 37.8 per cent. in amount of wages.

In every industry the percentage of establishments operated by incorporated companies is greater than that of establishments controlled by individuals. Incorporated companies in each industry, except flour and grist mills, reported the largest percentages of wage-earners and value of products. The importance of this form of ownership is particularly emphasized in the statistics of the manufacture of fertilizers, in which industry establishments of this class returned 95.6 per cent. of the capital, 92.7 per cent. of the number of wage-earners, 94 per cent. of the wages paid and 92.9 per cent. of the total value of products.

Although the individual establishments constituted 50.1 per cent. of the total number, they represented but 6.7 per cent. of the capital invested, employed only 12.9 per cent. of the wage-earners, paid 11.5 per cent. of the wages and reported 11.9 per cent. of the value of products. On the other hand, incorporated companies, which represented 84.3 per cent. of the capital, controlled 22 per cent. of the establishments, gave employment to 74.4 per cent. of the wage-earners, paid 76.9 per cent. of the wages and reported 73.6 per cent. of the total value of products for the State.

Firms owned 27.4 per cent. of the establishments, reported 7.9 per cent. of the capital, employed 12.8 per cent. of the wage-earners and reported 13.9 per cent. of the total value of products.

The largest percentages of the number of wage-earners and of the value of products reported by corporations were for Newport News, these percentages being 98.8 and 97.7, respectively, of the total; while the smallest corresponding percentages were for Portsmouth, being 18.1 and 22.8, respectively. In the State as a whole and in every city, except Portsmouth and Manchester, over one-half of the capital, average number of wage-earners, cost of materials and value of products was reported by incorporated companies.

KILLED TWO PATIENTS.

A terrible tragedy was perpetrated in the Hillside Home, Scranton, Pa., yesterday afternoon, when one insane patient killed two of the inmates and mortally wounded one of the keepers.

The murderer is Ignatz Krewzyp, a deaf and dumb Pole, who was not regarded as dangerous. He was given work in one of the wards with two women, also insane patients, Mrs. Ann Golden, a widow, fifty-three years old, and Ann Van Valen, aged 58 years. The three were moving some coats under the direction of Keeper Richard Davies, who left the room momentarily.

Seizing the opportunity afforded by the keeper's absence, the insane man ran into the doctor's office, and there picked up an amputating knife, with a blade about ten inches long, and ran up stairs to the upper floor. Keeper Davies ran after Krewzyp, and the latter turned upon him and buried the knife in the keeper's chest. He then continued upstairs and attacked the two women. He stabbed Mrs. Golden in the chest, the knife piercing her body twice, and then stabbed Mrs. Van Valen once.

Floyd Bremer, the son of the Superintendent, had followed the map, and after his attack on the women knocked the knife out of his hands. Both women died soon afterward.

Mrs. Golden lived in Elkhdale, and Mrs. Van Valen was a resident of Scranton, and had been in the home for four years.

Krewzyp is thirty-five years of age, and was one of the most powerful inmates of the institution. While not employed as a trusty and given the freedom of the grounds, he had been given work every day in the insane department, being regarded as thoroughly inoffensive and harmless.

The superintendent cannot explain why he should have been subject to such a violent and sudden passion. After the deed was committed, he jabbered in a vehement manner, and no sign or motion could be obtained from him. He is now a raving maniac. Davies is not expected to live.

Chased Diamond Thief.

Two thousand people, shoppers and showgirls, messenger boys and ticket speculators, chased a well-dressed man through one edge of the tangle in New York yesterday. They didn't know what he had or had not been doing, but he was running away, and that was enough for the valiant 2,000. The fight had lasted three blocks, when Policeman Cassano got within night-stick distance of the fugitive and bowled him over. Then the whole story came out. On Tuesday a dapper young man went into the jewelry store of Frankfield & Co.

and looked at some diamond studs. When he departed the clerk who had waited on him discovered that for three good stones three bogus ones had been left. Later a man answering the description of the caller at Frankfield's went into Gorham & Co.'s store and worked the same game. He got three small stones at Gorham's. Yesterday the same chap returned to Frankfield's, differently dressed, and wanted to look at diamond rings. The clerk, who says he recognized him as Tuesday's visitor, excused himself a minute, went to the telephone and called up Gorham's, the two firms having compared notes Tuesday night, and asked that the store detective at Gorham's be sent over at once. The man waiting to see the diamond rings evidently grew suspicious, for, as the clerk left the telephone and started back, he ran out of the store. The clerk pursued him. Detective Larkin, coming down Fifth avenue at a double click, joined in the hunt. Then the crowd took up the chase. The man ran up the avenue to Thirty-seventh street and over to Broadway, where the policeman felled him.

Five Thousand Dollar Bond Required.

Judge Thos. J. Shaw, presiding over a special term of Union County Superior Court at Monroe, N. C. entertained a motion to quash the indictments against the alleged lynchings of Johnson at Vadesboro, on the ground that they could not properly be brought into Union county. The counsel for the State excepted and appealed to the Supreme Court. The 20 defendants were held in \$5,000 bonds each for their appearance at the next term of Union Superior Court, by which time a decision may have been reached by the State's highest court. The case of Zeke Lewis is the one at issue, and if the Supreme Court holds that a revision of the code by which a portion of the statute was brought forward, has the effect of annulling the provision for trying the case in another county, they will doubtless be remanded to Anson, the county in which the lynching occurred, for trial. If the court holds otherwise the cases will be heard at some future term of court in Union county.
